## WELCOME MESSAGE

*Dear Colleagues, Dear Friends*

It is with immense pride and enthusiasm that we welcome you to the **2nd World Week and 2nd World Day of Regional Anaesthesia & Pain Medicine**, an initiative of ESRA, in close collaboration with our Sister Societies—AFSRA, ASRA Pain Medicine, AOSRA Pain Medicine, and LASRA. From Saturday, 18th January to Saturday, 25th January 2025, the global medical community will once again unite to shine a spotlight on the transformative fields of Regional Anaesthesia (RA) and Pain Medicine under the theme that continues to inspire us all:

**“Joining Hands for a Pain Free Future Worldwide”**

Next January, building on the incredible success of the inaugural event in 2024—which brought together more than 14,000 participants across 140 cities from 60 countries worldwide—we are excited to expand this initiative even further. The **2nd World Day and 2nd World Week of Regional Anaesthesia and Pain Medicine** will involve more cities across all continents, more participants, and even greater collaboration, reinforcing our shared mission to improve the quality of life for our patients worldwide. Together, we will convene for local, in-person meetings, online virtual activities, interactive sessions, hands-on workshops, and invaluable exchanges between trainees and experts, creating opportunities for learning, reflection, and progress.

**Pain knows no boundaries—neither age nor gender—and its impact on quality of life is profound.** As specialists in RA and Pain Medicine, we have the tools and knowledge to transform lives, providing relief, comfort, and hope to those who need it most. This initiative exemplifies our commitment to advancing access to care of high quality, reducing suffering, and promoting humanity in medical practice.

The **World Week and World Day of Regional Anaesthesia and Pain Medicine** are more than just events—they are **A Global Call to Action and A Celebration of the Power of Partnerships**. By joining forces, we continue to advance research, share best practices, and inspire meaningful change in healthcare. Together, we are building a future where effective pain management is not just an aspiration but a universal reality.

As we embark on this journey, let us also take a moment to reflect on the progress we have made and the challenges that remain. With dedication, expertise, and collaboration, there is no limit to what we can achieve. Together, we are not just shaping the future of Regional Anaesthesia and Pain Medicine—we are shaping a world where unnecessary pain is a thing of the past.

On behalf of ESRA and the organizing committee of the 2nd World Day and Week of Regional Anaesthesia and Pain Medicine, we extend our heartfelt thanks to all of you for your enthusiasm, your dedication, and your belief in this global movement. Let us once again join hands, share knowledge, and work together toward a pain-free future for everyone, everywhere.

Thank you for your spirit of enthusiasm, for contributing to our mission fulfillment, and for being a part of this global movement.

**Happy 2nd World Week and 2nd World Day of Regional Anaesthesia and Pain Medicine!**

*With Cordial Greetings*

**Saturday, 25 January 2025**

## **WELCOME MESSAGE**

*Dear Colleagues, Dear Friends*

It is with great pleasure and honor that we welcome you to the **2nd World Day of Regional Anaesthesia and Pain Therapy**, which will take place on **Saturday, January 25, 2025**, under the auspices of the European Society of Regional Anaesthesia & Pain Therapy (ESRA), in collaboration with National Societies of Regional Anaesthesia.

This year, this initiative expands even further, encompassing participation from **more than 150 cities across 5 continents!** We are proud and delighted that the Greece-Cyprus Zone will participate with **five cities: Athens, Thessaloniki, Larissa, Ioannina, and Rethymnon.**

This day represents a unique opportunity for interactive exchange of ideas, training, and engagement among experienced and trainee anesthesiologists from around the globe. Our goal is to promote innovation and connect theory with clinical practice in the field of Regional Anaesthesia and Pain Therapy.

Through this scientific “celebration,” we continue to promote excellence, continuous education, and specialization, enhancing the quality of care we provide to our patients. Your participation is crucial for the success of this initiative and for the ongoing development of our field.

Registration is offered free of charge by the **ESRA Hellas Board** to Greek and Cypriot anesthesiologists, with the sole requirement being the renewal or activation of your membership in ESRA (ESRA Europe – ESRA Hellas Joint Membership) for the year 2025.

We warmly invite you to actively participate and contribute to this international effort with a spirit of collaboration and innovation.

**Happy 2nd World Week and 2nd World Day of Regional Anaesthesia and Pain Medicine!**
