2nd WORLD DAY OF REGIONAL ANAESTHESIA & PAIN MEDICINE

Saturday, 25 January 2025

WELCOME MESSAGE

Dear Colleagues, Dear Friends,

It is with immense pride and enthusiasm that we welcome you to the **2nd World Week and 2nd World Day of Regional Anaesthesia (RA) & Pain Medicine (PM)**, an initiative of ESRA, in close collaboration with our Sister Societies—AFSRA, ASRA Pain Medicine, AOSRA Pain Medicine, and LASRA, as well as National Societies of RA and PM across all continents. From Saturday, 18th January to Saturday, 25th January 2025, the global anaesthesia and pain physicians community will once again unite to shine a spotlight on the transformative fields of RA and PM under the theme that continues to inspire us all:

“Joining Hands for a Pain Free Future Worldwide”

Next January, building on the incredible success of the inaugural event in 2024—which brought together more than 14,000 participants across 140 cities from 60 countries worldwide—we are excited to expand this initiative even further. The **2nd World Day and 2nd World Week of Regional Anaesthesia and Pain Medicine** will involve more cities across all continents, more participants, and even greater collaboration, reinforcing our shared mission to improve the quality of life for our patients worldwide. Together, we will convene for local, in-person meetings, online virtual activities, interactive sessions, hands-on workshops, and invaluable exchanges between trainees and experts, creating opportunities for learning, reflection, and progress.

Pain knows no boundaries—neither age nor gender—and its impact on quality of life is profound. As specialists in RA and Pain Medicine, we have the tools and knowledge to transform lives, providing relief, comfort, and hope to those who need it most. This initiative exemplifies our commitment to advancing access to care of high quality, reducing suffering, and promoting humanity in medical practice.

The **2nd World Week and 2nd World Day of Regional Anaesthesia and Pain Medicine** are more than just events—they are **A Global Call to Action and A Celebration of the Power of Partnerships**. By joining forces, we continue to advance research, share best practices, and inspire meaningful change in healthcare. Together, we are building a future where effective pain management is not just an aspiration but a universal reality.

As we embark on this journey, let us also take a moment to reflect on the progress we have made and the challenges that remain. With dedication, expertise, and collaboration, there is no limit to what we can achieve. Together, we are not just shaping the future of Regional Anaesthesia and Pain Medicine—we are shaping a world where unnecessary pain is a thing of the past.

On behalf of ESRA and the organizing committee of the 2nd World Day and 2nd Week of Regional Anaesthesia and Pain Medicine, we extend our heartfelt thanks to all of you for your enthusiasm, your dedication, and your belief in this global movement. Let us once again join hands, share knowledge, and work together towards a pain-free future for everyone, everywhere.

Thank you for your spirit of enthusiasm, for contributing to our mission fulfillment, and for being a part of this global movement.

Happy 2nd World Week and 2nd World Day of Regional Anaesthesia and Pain Medicine!

With Cordial Greetings

Eleni Moka (Greece)
