WORLD DAY OF REGIONAL ANAESTHESIA & PAIN MEDICINE

3rd Edition

Equity, Access, Relief

WORLD DAY

Saturday, 31 January 2026

WELCOME MESSAGE

Dear Colleagues, Dear Friends

Welcome to the World Day of Regional Anaesthesia and Pain Medicine – 3rd Edition.

Our 2026 theme is practical and straightforward: Equity, Access, Relief - through Regional Anaesthesia.

Regional anaesthesia and Pain Medicine represent a global community. Clinicians from every continent have adopted these practices to enhance surgical safety, promote faster recovery, and ensure genuine patient comfort. In recent years, we have witnessed significant growth in this field, including the establishment of more training hubs, increased availability of ultrasound technology, improved safety protocols, and the development of clear pathways that make nerve blocks a routine part of patient care rather than an exception. Now is the time to capitalize on this momentum and secure these advancements for the future.

This year, our emphasis is on delivering neuraxial and peripheral techniques safely and reliably wherever care is given - from theatres and day-surgery centres to emergency departments, trauma services, maternity units and rural clinics.

Our 2026 priorities

- Equity: the benefits of Regional anaesthesia and Pain Medicine should not depend on geography, language, or resources.
- Access: practical training, supervision and essential kit—from ultrasound to robust landmark techniques—available in every setting.
- Relief: timely, procedure-specific blocks that restore comfort, dignity and function.
- Together with AFSRA, ASRA Pain Medicine, AOSRA Pain Medicine, LASRA, and national societies worldwide, we will focus on action:
- Share and scale what works: open, multilingual teaching resources; simple, safe block pathways; checklists that travel.
- Build capacity: mentorship, twinning and hands-on workshops that create local trainers and sustainable services.
- Measure what matters: consistent data on access and outcomes so we can learn, improve and advocate effectively.
- Support low-resource contexts: adaptable toolkits, essential medicines advocacy, and context-appropriate solutions—not one-size-fits-all.
- Strengthen teams: interprofessional training and human factors that make Regional anaesthesia and Pain Medicine reliable in the busy clinical environment, not just in demonstrations.
- Think long term: embed Regional anaesthesia and Pain Medicine within perioperative pathways, quality improvement, and environmentally responsible care.

How you can help

Host a hub. Teach a block. Translate a resource. Mentor a team. Share the learning.

Let this third World Day be remembered for its reach and readiness: more first-time sites delivering blocks; more clinicians confident with core techniques; more patients receiving the right block, at the right time, every time.

Thank you for your energy, generosity and commitment.

Equity. Access. Relief. With Regional Anaesthesia and Pain Medicine at the heart.

RESOURCES

Pre-Recorded Welcome Addresses

- **Nuala Lucas**, Chair of the Activity
- **Eleni Moka**, ESRA President
- **Ezzat Aziz**, AFSRA President
- **Suwimon Tangwiwat**, AOSRA President Elect
- **Steven Cohen**, ASRA President
- **Ana Schwartzmann**, LASRA President

Pre-Recorded Supportive Statements

- **Dr Miles Day**, WIP President
- **Dr Jan van Zundert**, WIP President Elect
- **Luis Garcia-Larrea**, EFIC President
- **Dr Andre Ilbawi**
*Technical Officer / Lead for Cancer Control (and palliative care),
Department of Universal Health Coverage, World Health
Organization (WHO) Headquarters, Geneva*
- **Dr Gerry Eijkemans**
*Director, Department of Social and Environmental Determinants for
Health Equity, WHO Americas Region*
- **Dr Asmus Hammerich**
*Director Non Communicable Diseases, WHO Eastern
Mediterranean Office*

Saturday, 31 January 2026

Pre-Recorded Lectures-Podcasts

- **My Top Regional Anaesthesia Papers of 2024-2025**
Speaker: **Steve Coppens**
Duration: 8 min
- **POCUS Papers you may have missed in 2025**
Speaker: **Rosie Hogg**
Duration: 15 min
- **Needles in a Haystack: Recent Papers Shaping our Understanding of Phantom Limb Pain**
Speaker: **Pablo Rojas Zamora**
Duration: 13 min
- **Gastric POCUS**
Speaker: **Peter Van De Putte**
Duration: 7 min
- **Keeping Kids Comfortable - RA in Paediatrics**
Speakers: **Fatma Saricaoglu, Can Aksu**
Duration: 13 min
- **Updates in Obstetrics Anaesthesia**
Speaker: **Nuala Lucas**
Duration: 14 min (short version) – 20min (long version)
- **Getting Nervous NAP8**
Speaker: **Alan MacFarlane**
Duration: 12 min
- **Sex and Gender differences in Pain and Pain Management**
Speaker: **Athmaja Thottungal**
Duration: 7 min (short version) – 25min (long version)

3rd Edition

Equity, Access, Relief

WORLD DAY

Saturday, 31 January 2026

Pre-Recorded Lectures-Podcasts

- **Managing Post Caesarean Section Pain: Updated PROSPECT Recommendations**
Speaker: **Marc Van de Velde**
Duration: 22 min
- **When RA fails: Rescue Blocks and Strategies for failed Regional Techniques**
Speaker: **Romualdo Del Buono**
Duration: 10 min
- **Spinal Cord Stimulation: Myths, Evidence, and Uncomfortable Truths**
Speaker: **Reda Tolba**
Host: **Clara Lobo**
Duration: 16 min
- **The Use of AI in Regional Anesthesia: Exposure, Experience, Pros & Pons, Different Systems available**
Speakers: **Amit Pawa, Jeff Gadsden**
Duration: 20 min
- **Anesthesia and Sleep Apnea dogmas: What we “believe” vs what we know (Society of Anesthesia and Sleep Medicine)**
Speakers: **Philip A. Kurien, Mandeep Singh**
Host: **Clara Lobo**
Duration: 20 min

Special entry...

Pain as a Global Public Health Challenge

Speaker: **Prof. Agis Tsouros**

Former Director of Policy and Governance for Health and Wellbeing at WHO Europe, International Adviser Health Policy, Equity and Diplomacy

World Games – Global Quiz Challenge

... an activity for trainees

Sharp minds across the world, this one is for you!

Join us for a **LIVE** global quiz bringing together trainees from **all continents** in a fast-paced battle of knowledge and skill.

 Saturday | Live Quiz

OPEN

14:00 to 18:00 (CET) | 13:00 to 17:00 (UTC)

 **25 questions total:**

- 20 questions on **Basic Sciences, Regional Anaesthesia, POCUS & Pain Medicine**
-  + 5 surprise questions to test your agility and clinical intuition!

Think fast, answer smart, and watch yourself climb the leaderboard as the competition unfolds in real time.

 **Do you have what it takes to win?**

The **Top 3 winners** will receive **free registration** for the **ESRA Lisbon Congress!**

Scan the QR to participate!

WORLD DAY OF REGIONAL ANAESTHESIA & PAIN MEDICINE

3rd Edition

Equity, Access, Relief

WORLD DAY

Saturday, 31 January 2026

08:30-09:00

VENUE – ARRIVALS – REGISTRATIONS

09:00-09:30

WELCOME MESSAGES & ADDRESSINGS

City Representative/ City Liaison Person (*in person*) for opening the event
Country Representative (*either in person or via zoom*)
Nuala Lucas – Chair of Event (*via live streaming / recording stand by*)
Eleni Moka – ESRA President (*via live streaming / recording stand by*)
Sister Societies Presidents (*either recordings or via live streaming*)
Other Addressings (*can be added as per each city needs*)

09:30 - 11:00

SESSION 1 – THE EVIDENCE CLUB

Chairperson (*Local / To be decided*)

09:30 – 10:00

Top papers in RA from 2024–25 (*Local Speaker to be decided*)

10:00 – 10:30

Top papers in Pain Medicine from 2024–25 (*Local Speaker to be decided*)

10:30 – 11:00

Q&A – Discussion

11:00 – 11:30

COFFEE BREAK

11:30 – 13:00

SESSION 2 – THE POWER OF THREE: INNOVATION - EQUITY - RESCUE

Chairperson (*Local / To be decided*)

11:30 – 11:50

The Innovation Club:

What's new in drug delivery, catheters, pumps, adjuvants, AI decision support
(*Local Speaker to be decided*)

11:50 – 12:10

The Equity Club

Access to RA & analgesia in LMICs, WHO essential medicines, and strategies for training without ultrasound (*Local Speaker to be decided*)

12:10 – 12:30

The Rescue Club:

When RA fails: troubleshooting blocks, managing LAST, escalation to systemic analgesia/opioids
(*Local Speaker to be decided*)

12:30 – 13:00

Q&A – Discussion

13:00 – 13:45

3rd Edition

Equity, Access, Relief

WORLD DAY

Saturday, 31 January 2026

13:45 – 16:00	SESSION 3 – BEYOND THE BLOCK: REGIONAL ANAESTHESIA ACROSS THE PATIENT JOURNEY
	Chairperson (<i>Local / To be decided</i>)
13:45 – 14:05	Beyond the OR: RA in trauma, emergency, humanitarian settings (<i>Local Speaker to be decided</i>)
14:05 – 14:25	Transitional pain services: preventing chronic post-surgical pain (<i>Local Speaker to be decided</i>)
14:25 – 15:00	What's new in obstetrics? (<i>Local Speaker to be decided</i>)
15:00 – 15:25	Keeping Kids Comfortable – RA in Paediatrics (<i>Local Speaker to be decided</i>)
15:25 – 16:00	Q&A – Discussion
16:00 – 16:30	COFFEE BREAK
16:30 – 18:30	SESSION 4 – HANDS ON CLINICAL WORKSHOPS
	For example: 4 stations, 30 min per station, 2h total duration (<i>Topics & Demonstrators to be decided at the local level</i>)
18:30 – 19:00	END OF E-DAY: QUESTIONS – COMMENTS – DISCUSSION

Suggested discussion points

Top Papers in RA (2024-25)

1. Methodology check – Were these trials large, multicentre, and pragmatic enough to change practice, or are they single-centre signals?
2. Block choice – Do the findings favour new fascial plane blocks over classics (e.g., paravertebral, plexus blocks), and should we adopt them?
3. Opioid-sparing evidence – How convincing is the data that RA reduces opioid use and improves recovery beyond the first 24 hours?
4. Implementation – What barriers (training, ultrasound access, equipment costs) might prevent us from translating this evidence into everyday care?
5. Equity & sustainability – Do these papers consider LMIC contexts or environmental impact, and should that influence how we judge their importance

Top Papers in Pain Medicine (2024-25)

1. New drugs & adjuvants – Which pharmacological advances (e.g., novel neuropathic agents, ketamine/esketamine, biologics) look truly practice-changing?
2. Interventional techniques – Are new RCTs on procedures (e.g., nerve ablation, neuromodulation, targeted drug delivery) robust enough to support wider uptake?
3. Chronic pain models – How do the studies address the biopsychosocial model – do they balance physical, psychological, and social outcomes?
4. Opioid stewardship – What's new in opioid-sparing or opioid-optimising strategies for chronic pain, and how do these align with WHO's agenda for equitable access?
5. Patient-centred outcomes – Did the studies report outcomes that matter to patients (function, QoL, return to work), or mainly surrogate measures (pain scores, drug use)?
